

WE WANT TO HEAR FROM TORONTO PARENTS

The City of Toronto is providing the Provincial government with feedback in response to their recently released discussion paper called Modernizing Child Care in Ontario.

To help us respond, we would like to hear from Toronto parents. Please take five minutes to answer some questions about quality child care at the link below.

Go to

toronto.ca/children

to take our survey about child care in Toronto.

We will be accepting comments until **August 31, 2012.**

A copy of the City of Toronto's submission to the province will be available at toronto.ca/children in mid September.
