Orde Day Care Centre
18 Orde St
Toronto, ON M5T 1N7

Dear Friends,

Thank you so much for your recent donation to support families at Ronald McDonald House Charities (RMHC) Toronto. Your generous contribution helps provide them with a "home away from home" that eases their stress, reduces their financial burden and enables them to be more involved in the care of their seriously ill child.

"It's hard to put into words what RMHC Toronto means to us. It's rest and renewal. Peace in a storm," says Delanie Richard, father to 12-year-old Chayse. His family of six from Alberta recently stayed at RMHC Toronto while Chayse underwent and recovered from brain surgery.

As they cope with their child's life-threatening diagnosis, families like the Richards take comfort in being together and having access to affordable accommodation and specialized programs and services to help them heal. There is no greater gift for a child battling a serious illness than having their loved ones by their side.

Thanks to donors like you, RMHC Toronto supported more families than ever before last year – a total of 3,132 in our House and in-hospital Family Rooms. The need for RMHC Toronto is great, and it continues to grow.

"I audibly exhale when the House gates close behind me," says Chayse's mom, Stacey. *"When we're here, we can concentrate on what matters most: helping Chayse and our whole family heal."*

Thank you for making a wonderful and tangible impact on families today – and every day.

Sincerely,

Mary Proulx
Director of Development and Communications
